Nehru Gram Bharti (Deemed to be University)

KotwaJamunipur, Dubawal Prayagraj, Uttar Pradesh, India

About the University

Nehru Gram Bharati (Deemed to be University) occupies an esteemed place among the rural universities of India for over decades now. Established on 27th June 2008, it is one of the promising institutes in the State of Uttar Pradesh situated at the bank of river Ganges. It was basically conceived by our 1st Prime Minister of India, Late Pt. Jawahar Lal Nehru, who laid the foundation stone of Nehru Gram Bharati on 26th July 1962 in the village of Rishi Durvasha Ashram, Kotwa-Jamunipur, Dubawal Complex of his phulpur constituency in Allahabad District. His dream was translated into reality by Sri J.N. Mishra, who had a clear vision and dedication to the cause of upliftment of rural masses through education.

As on date, the campus has emerged as a prominent establishment of professional, technical education and traditional education for meeting the aspirations of youth from rural as well as urban areas. To begin with Rajiv Gandhi Degree College was established in the year 1996 and upgraded to Rajiv Gandhi Post Graduate College from the academic session 2000-01 which subsequently merged into the Nehru Gram Bharati (Deemed to be University) in 2008-09 after University Grants Commission recommended to the Ministry of Human Resource & Development for granting it Deemed to be University Status. The MHRD notified vide its gazette Notification no. F.9-42/2005-43(A) dated as 27th June 2008 bestowing the Deemed to be University status to Nehru Gram Bharati

The Nehru Gram Bharati (Deemed to be University) is composed of six campuses encircling approximately 76 acres of land spread over within a radius of about 5 Kilometers.

Nehru Gram Bharati (Deemed to be University), Jamunipur is main lush green campus has buildings for Administrative Office, Central Library, Faculty of Teacher Education, Arts, Science & Commerce.

About the Department

The Department of Library and Information Science has been established in the year of 2009 and since it has steadily grown from strength to strength in respect of faculty and teaching programmes. The programs offered (B.Lib.I.Sc. or Bachelor of Library and Information

Science, M.Lib.I.Sc. or Master of Library and Information Science and Ph.D. LIS) reflect the changing dimensions of the field. The curriculum of our programmes reflects our commitment to change, innovate and adapt current scenario. Programs geared towards imparting knowledge and skill sets requisite for the emerging information society and preparing the next generation of information professionals. In all its programs offerings, the Department pays special attention to the social and developmental needs and interests of the countries and peoples and to the effects of these on national programmes and development. At the same time, every effort is made to assist students to understand trends and developments within a national and international context.

About the Webinar

Libraries around the world are facing hard choices around which services to offer and how, ranging from minimal restrictions to full closure. We are aware that governments themselves are taking different approaches, sometimes ordering the closure of all institutions, others indicating that life should continue as usual, and others simply leaving decisions up to library directors. The Nehru Gram Bharati (Deemed to be University) is well equipped with digital library and providing regular support via online method to our students and faculties of the University. For paying a tribute to such a legendary, philosopher and mathematician, it is a great pleasure for the Department and University to organize an International Webinar entitled “RECENT TRENDS IN LIBRARY & INFORMATION SERVICES” Saturday, 12 August 2023 at 11.00 to 01.45 PM on the occasion of 131st Birth centenary celebration of Father of Library Science in India, Padmshree Dr. S. R Ranganathan.

S.R. Ranganathan, in full Shiyali Ramamrita Ranganathan, (born August 9, 1892, Shiyali, Madras, India—died September 27, 1972, Bangalore, Mysore), Indian librarian and educator who was considered the father of library science in India and whose contributions had worldwide influence.

Ranganathan was educated at the Hindu High School in Shiyali, at Madras Christian College (where he took B.A. and M.A. degrees in mathematics in 1913 and 1916), and at Teachers College, Saidapet. In 1917 he joined the faculty of Government College, Mangalore. He subsequently taught at Government College, Coimbatore, in 1920 and at Presidency College, University of Madras, in 1921–23. In 1924 he was appointed first librarian of the University of

Madras, and in order to fit himself for the post he travelled to England to study at University College, London. He took up the job at Madras in earnest in 1925 and held it until 1944. From 1945 to 1947 he served as librarian and as professor of library science at Hindu University in Varanasi (Banaras), and from 1947 to 1954 he taught at the University of Delhi. During 1954–57 he was engaged in research and writing in Zürich. He returned to India in the latter year and served as visiting professor at Vikram University, Ujjain, until 1959. In 1962 he founded and became head of the Documentation Research and Training Centre in Bangalore, with which he remained associated for the rest of his life, and in 1965 he was honoured by the Indian government with the title of national research professor in library science.
