

# ACTION TAKEN REPORT

NEHRU GRAM BHARATI (DEEMED TO BE UNIVERSITY)

## DEPARTMENT OF COMMERCE

### Action taken Report Based on Analysis of Students Feedback

On the basis of the student feedback received from B. Com and M. Com students on various parameters like the facilities and amenities provided by the institution and Teaching and Learning experience various actions were taken by the department:

- As per the feedback from students it was decided that that field- based projects and internships be made part of the regular curriculum under the courses possible etc. It was further decided that the department should also conduct Industrial/field visit for the students.
- In the teaching-learning experience, students were satisfied however certain percentage of students felt that the classes should be more interactive. Hence it was decided that in order to make classes more interactive, teachers would further enhance their teaching learning pedagogy techniques.
- The faculty will increase the use of ICT tools more frequently, depending upon feasibility and applicability across courses.
- New LCD projectors have been installed and students are motivated to purchase android mobile. The teachers are also motivated to prepare e - study materials.
- The student's demands (new topics updates in course) are communicated to the university authorities.
- INFLIBNET facility subscribed to library to strengthen the e-resources.

## DEPARTMENT OF COMPUTER APPLICATION

### Action taken Report Based on Analysis of Students Feedback

1. As per feedback regarding on time classes: Teachers are suggested to take classes at their scheduled time slots, and classes if cancelled due to any reasons, to be informed at-least one day prior to the students.
2. Regarding interactive sessions: It is suggested to keep at-least one class in 15 days for general discussions with students so as to make classes interactive.
3. Regarding LMS, the students desired that the teachers record important lectures and upload the same on the institutional LMS, and the same has been communicated to the faculty members.
4. Teachers were asked to undertake doubt clearing sessions more frequently and preferably once every week.
5. Regular mentoring to be continued as per allocated groups, and record of mentoring sessions with be kept along with brief description of doubts cleared.
6. New LCD projectors have been installed and students are motivated to purchase android mobile. The teachers are also motivated to prepare e - study materials.
7. The student's demands (new topics updates in course) are communicated to the university authorities.
8. INFLIBNET facility subscribed to library to strengthen the e-resources.

## DEPARTMENT OF ECONOMICS

### Action taken Report Based on Analysis of Students Feedback

The following steps have been initiated by the department for problems as appended:

- It has been strictly told to the department members that 100% syllabus needs to be invariably completed by everyone without any exception.
- Any readjustment of scheduled classes should be avoided and in case unavoidable, the same should be communicated beforehand to the HoD and Dean of Faculty.
- Under internal assessment, continuous assessment based on tests and assignments should be carried out; and it has been reiterated that all tests/assignments be promptly, objectively and carefully evaluated.
- In some theory courses, teachers were found to be reading directly from the text books during lectures, where-in they have been instructed to avoid this practice and teach notes, smart boards, power point presentation through multimedia projectors or white board as per requirements of the lecture. Those not comfortable with the process were asked to get acquainted with the same at the earliest.
- The department has been instructed to enhance the use of ICT tools during their lectures.
- Internship and placement fair should be organized by the department to increase placements
- There could be routine interactive sessions between students and alumnae.
- New LCD projectors have been installed and students are motivated to purchase android mobile. The teachers are also motivated to prepare e - study materials.
- The student's demands (new topics updates in course) are communicated to the university authorities.
- INFLIBNET facility subscribed to library to strengthen the e-resources.

## DEPARTMENT OF HISTORY

### Action taken Report Based on Analysis of Students Feedback

Matters concerning the teaching learning experiences.

- Students request for increased field projects and site visits have been included as a regular part of Teaching – Learning process, rendering the course more practical oriented.
- Students request for virtual tours/visits for sites difficult to visit have also been made part of the teaching – learning process.
- Department has been asked to explore opportunities for providing internship to the students and hands-on learning experience.
- Department has taken initiative to sign MOUs with various universities and non-government bodies provide our students with further learning experiences in the academic session 2023-24.
- In-house projects delegated to students have been increased based on the demand from students.
- Students request for visits to excavation and archeologically rich sites has been passed on to the department head and a visit plan is being worked-up in consultation with the archeological societies for the academic session 2022-23 and beyond.
- New LCD projectors have been installed and students are motivated to purchase android mobile. The teachers are also motivated to prepare e - study materials.
- The expert lecture organized to learn the surfing skills (resource & jobs) on mobile.
- The student's demands (new topics updates in course) are communicated to the university authorities.
- INFLIBNET facility subscribed to library to strengthen the e-resources.

## DEPARTMENT OF JOURNALISM AND MASS COMMUNICATION

### Action taken Report Based on Analysis of Students Feedback

- Faculty members have been asked to increase the use of ICT tools to make teaching-learning a more interactive and enriching experience for the students.
- Students demand for increased co-curricular activities have been communicated to the department heads, and have been asked to include increased number of co-curricular activities in the event/academic calendar of the department
- More guidance to be provided to the students regarding internship and placement opportunities in various media organizations
- Organizing more guest lectures and online events for students' engagement.
- Students demand for projects related to electronic media reporting has been discussed with the head of department and the same has been made part of the projects being delegated to the students under the program.
- Students demand for increased lab facilities has been abided by the department
- Students demand for aesthetic campus has also been fulfilled at the new facility that has come-up at the Shashi Parisar, with dedicated facilities for department of journalism and mass communication.
- New Lab with all necessary instruments/software has been established.
- Wi-fi connectivity with high speed 1 GBPS connectivity has been launched across all campuses.
- New LCD projectors have been installed and students are motivated to purchase android mobile. The teachers are also motivated to prepare e - study materials.
- The student's demands (new topics updates in course) are communicated to the university authorities.
- INFLIBNET facility subscribed to library to strengthen the e-resources.

## DEPARTMENT OF POLITICAL SCIENCES

### Action taken Report Based on Analysis of Students Feedback

The concerns from the feedback of the department of political students were discussed thoroughly, and the following steps were taken:

Teachers need to be more cooperative with students and behave appropriately while engaging with them, as well as strive to understand their difficulties and questions and support them whenever they have problems, and according to the discussion.

Students will be asked occasionally if they need any type of academic and emotional support. It was also mentioned that all teachers should attend class constantly, be on time, and complete their syllabus.

Teachers shall be more interactive in the classes.

In addition, teachers are responsible for mentoring, responding to, and assisting students in the academic arena to have a bright future. Therefore, student-centric academics and other essential for their all-around development activities will be organized regularly.

The issue of exceptional learners was also discussed at the faculty meeting.

Based on students requested department has been directed to organize career-oriented workshops/seminars and conferences.

The teachers have been asked to maintain the record of mentorship and restorative classes.

Expert guidance has been provided on competitive exams.

National level Seminar has organized on Research in Higher Education.

In-house workshops have been conducted on exam stress management.

## DEPARTMENT OF SPECIAL EDUCATION

### Action taken Report Based on Analysis of Students Feedback

- The Department has already asked the authority to arrange sufficient numbers of reference books and learning resources for the scholastic development of the students.
- Department has discussed to use ICT method frequently in the classrooms to make teaching-learning process effective.
- Department has pressed the issue of appointing additional contractual teachers.
- Department organizes various field studies and asked the students to prepare projects and seminar works to develop their research aptitude skill.
- Department conduct various components like seminars, group discussions, home assignment etc. for internal assessment and thereby trying to improve student-centric teaching-learning environment.
- New LCD projectors have been installed and students are motivated to purchase android mobile. The teachers are also motivated to prepare e - study materials.
- To complete the syllabus on time, extra classes should be planned and remedial classes should also be arranged for the weak students.
- More projects that develop skills in students to be delegated by faculty member
- Any readjustment of scheduled class to be done only under dire circumstances like a college meeting, and is to be communicated to the office and the teacher in charge.
- As for internal assessment, continuous assessment based on tests and assignments rather than a single test / assignment at the end to be done; and it has been reiterated that all tests/assignments be promptly, objectively and carefully evaluated.

## DEPARTMENT OF MATHEMATICS

### Action taken Report Based on Analysis of Students Feedback

- Teachers need to be more cooperative with students and behave appropriately while engaging with them, as well as strive to understand their difficulties and questions and support them whenever they have problems, and according to the discussion.
- Students will be asked occasionally if they need any type of academic and emotional support. It was also mentioned that all teachers should attend class constantly, be on time, and complete their syllabus.
- Teachers shall be more interactive in the classes.
- In addition, teachers are responsible for mentoring, responding to, and assisting students in the academic arena to have a bright future. Therefore, student-centric academics and other essential for their all-around development activities will be organized regularly.
- The issue of exceptional learners was also discussed at the faculty meeting.
- Based on students requested department has been directed to organize career-oriented workshops/seminars and conferences.
- The Department should maintain departmental library with sufficient learning resources and books for the benefits of the students.
- The proper parking facility is being provided to the students, with new parking sheds coming up across campuses
- Department head has been apprised of the student demand and efforts are being made to increase the number of quality guest lectures and workshops

## DEPARTMENT OF LAW

### Action taken Report Based on Analysis of Students Feedback

- It has been strictly told to the department members that 100% syllabus needs to be invariably completed by everyone without any exception.
- Any readjustment of scheduled classes should be avoided and in case unavoidable, the same should be communicated beforehand to the HoD and Dean of Faculty.
- Under internal assessment, continuous assessment based on tests and assignments should be carried out; and it has been reiterated that all tests/assignments be promptly, objectively and carefully evaluated.
- In some theory courses, teachers were found to be reading directly from the text books during lectures, where-in they have been instructed to avoid this practice and teach notes, smart boards, power point presentation through multimedia projectors or white board as per requirements of the lecture. Those not comfortable with the process were asked to get acquainted with the same at the earliest.
- The department has been instructed to enhance the use of ICT tools during their lectures.
- Internship and placement fair should be organized by the department to increase placements
- There could be routine interactive sessions between students and alumnae.
- New LCD projectors have been installed and students are motivated to purchase android mobile. The teachers are also motivated to prepare e - study materials.
