Brief Report on the Interaction Session at Ecavo Agro

Date: 27th June, 2024

Venue: Ecavo Agro, C-49, Industrial Area Naini, Uttar Pradesh 211008

Participants: BBA/MBA students

Interview Panel:

Mr. Pawan Shukla, HR Manager

Mr. Anil Soni, Administrative Head

Session Overview:

Today, with an approval from the Honorable VC/Pro VC, an interaction session was organized at Ecavo Agro as part of the summer internship program for BBA/MBA students. The primary objective of this session was to engage with the students and assess their behavior and discipline, which are crucial attributes for their professional development.

Interview Process:

The interview process was conducted by Mr. Pawan Shukla, HR Manager, and Mr. Anil Soni, Administrative Head. Both officials provided insightful feedback and evaluated the students on various parameters, including their communication skills, problem-solving abilities, and overall demeanor.

Training Program:

The training program, designed to align with the students' curriculum, will cover essential topics and provide practical experience in the corporate industry.

The training tenure is scheduled to last for two months, during which the students will gain hands-on experience and industry insights that are imperative for their academic and professional growth.

Future Plans:

In addition to today's session, there are plans to conduct a follow-up session at our university by the Nandi team. This session will be organized as a guest lecture from corporate professionals, aiming to provide further industry exposure and learning opportunities for the students.

On the same day, a Memorandum of Understanding (MOU) will be signed between the university and Ecavo Agro officials. This MOU aims to establish a framework for future collaborations, including internships, joint research projects, and other academic-industry partnerships.

Conclusion:

The interaction session at Ecavo Agro was a valuable opportunity for BBA/MBA students to engage with industry experts and gain insights into the business sector. The forthcoming training program and planned collaborations are expected to significantly enhance the students' academic and professional journey.
